

This leaflet explains how we work to keep children safe by telling you:

- How children can be harmed
- What school must do to keep children safe from harm
- What parents must do to help their children be safe an enjoy school.

Child Protection

This is an important subject in which all staff receive regular training. Our priority is to work with parents but there may be times when we have to involve other people.

Everybody has a responsibility to keep all children under the age of 18 safe. Harm is identified in four ways:

Physical—This is when a child is deliberately hurt or injured

Sexual—This is when a child is influenced or forced to take part in a sexual activity. This can be a physical activity or none physical, e.g. being made to look at an inappropriate image.

Emotional—This is when a child is made to feel frightened worthless or unloved. It can be by shouting, using threats or making fun of someone. It can also be when children see their parents, or visitors to the home, fighting or using violence

Neglect—This is when a child is not being taken care of by their parents. It can be poor hygiene, poor diet, not keeping appointments for additional support, not coming to school or being left home alone.

Parent Information and Visitor Safeguarding Guidance

Safeguarding Statement

Moat Farm Junior School is committed to Safeguarding and promoting the welfare of all our children. It is a requirement that all staff, visitors and volunteers share this commitment.

We have a duty of care to our children to pass on any information about them which is a concern to a Designated Safeguarding Lead (DSL) responsible for Safeguarding.
