

Moat Farm Summer Reading Challenge

At Moat Farm we are passionate about reading; it is the key to effective learning. With this in mind, we would like to invite all children to participate in the Summer Reading Challenge.

Moat Farm has joined together with the Reading Agency to keep children reading throughout the summer to build their skills and confidence.

This year, the Summer Reading Challenge 2022, has teamed up with the Science Museum Group for a very special science-themed challenge that will inspire you to use your imagination and creativity!

How do I get involved?

You can take part in the challenge by signing up at your local library. It's completely free to sign up! Your library will give you a special collector poster map and help you find books to read. As you read books for your challenge, return to the library to receive stickers to add to your map.

In September, bring your map into school and you will receive house points for participating!

Or you can take part in the challenge by going to the link below:
